

**CITY OF SAN DIEGO
OFFICE OF COUNCIL PRESIDENT PRO TEM ANTHONY YOUNG**

WEEKLY UPDATE FEBRUARY 14, 2006

The City Council is in recess for this week and did not hold any meetings. However, the business of the City continues. I was deeply concerned to read about the anxious and depressed condition of some of our City employees. Change and uncertainty about one's job can lead to stress that affects all aspects of your life. However, I want to ensure you and the public that I and this Council are working very hard to ensure that the employees of this city have a stable and healthy work environment. Change is a constant factor in all our lives. There are many ways to cope with change and uncertainty. There are three coping mechanisms that work on a consistent basis.

1. Meditating on the possible changes occurring and calmly reviewing what options I have and preparing myself to exercise the best possible option if the need arises.
2. Talking over the matter with someone, particularly a wife or husband and trusted friends if necessary, and listening to their points of view and suggestions.
3. Praying on the matter.

Despite what coping methods we use, the most important things to do are to get enough rest, eat healthy, enjoy life's little pleasures, and continue to do your best while working. When we take good care of ourselves, we will survive and flourish through the changes that life brings. To my fellow City workers, I want you to know that despite feelings of uncertainty you may have about the City's current fiscal situation, we will all get through this together and be the better persons for doing so.

As an elected official and Councilman for the 4th District, I value the opportunity to receive input and feedback from community leaders and residents on ways we can improve the academic achievement of our children. On Wednesday, February 15th I will be joining the African American Coalition for Education, CPIE, Pazzaz, School Board Trustee Sheila Jackson, and Geno Flores for a discussion on strategies to increase parental involvement in their children's academic life. This forum is being held as part of the National African American Parent Involvement Day. Please join me at the Southeast Community Presbyterian Church, 210 S. Euclid Avenue at 6:00 pm today. I look forward to discussing with you the serious achievement gap facing African American children.

As you know, small businesses are the foundation for economic growth in our communities. The City of San Diego's Small Business Advisory Board will be hosting its Annual Community Outreach Meeting on Wednesday, February 22 at 8:30 a.m. in Balboa Park's Recital Hall. Under the auspices of my 21st Century Community Initiative, I will be hosting a community clean-up in the 4th District community of Knox on Saturday February 18, 2006. The 4th District Youth Advisory Board members, my staff, and Knox community residents will be working hard to keep their community clean and free of graffiti and litter. Community clean-ups are scheduled for other communities in the 4th District throughout the year. If you need additional information please contact my office at (619) 236-6644.

I will be making my State of the 4th District Address on Friday, February 24, 2006 at 6:00 p.m. The event will be held at the Educational Cultural Complex and include a reception held after the State of the District address. I look forward to you joining me.
